

ASSIGNED TIME CODE DEFINITIONS & COMMON PRACTICES

Code	Name	SDSU Common Practice	CSU Definition
11 Direct	Excess Enrollment	Census enrollment>120	May be used for classes with census date enrollment over 120. If AT is not provided, a grad asst. or some other form of workload assistance may be assigned.
12	New Preparations	New course prep Max 3 WTUs total	Preparation of courses never before taught by that particular faculty member, if courses actually taught include two or more such new preparations.
14	Course/SUPV overload	Rarely used	A faculty member may be given assigned WTU equal to course or supervision overload earned in a prior fiscal year provided that calendar considerations so necessitate and the faculty member has not been present for the full preceding academic year.
15 Direct	Non-Traditional Instruction	Non-traditional supervising & evaluation UG only FCB - VITA	Instruction and evaluation, which include such activities as modularized instruction, self-paced instruction, team teaching/cluster courses thematic projects, open lab, sponsored experimental learning or other community activities, writing, adjunct, mediated instruction (involving computers, TV, and/or other media devices), and peer instruction. These activities typically do not involve a single instructor regularly meeting a group of students in an assigned classroom or lab setting.
16 Direct	In-Service Training for K-12 School Personnel		In-service training for K-12 school personnel. Typically, the activities are provided on the school site using a variety of instructional modes and do not necessarily involve an instructor regularly meeting a group of students in an assigned classroom or lab setting on a campus.
17 Direct	Credit by Exam	Portfolio reviews Testing	Activities that give primary emphasis to the evaluation of a student's knowledge and skills rather than upon the instructional process by which the knowledge and skills are acquired. Such activities include: a.) Credit by evaluation of prior experiential learning (e.g., based upon evaluation of a portfolio of materials); b.)Credit by examination including comprehensive and challenge examinations. The characteristics of evaluation activities that should be treated as part of the regular instructional program involve: 1.) regularly enrolled students, and 2) a substantial effort by the faculty to perform any of these tasks: <ul style="list-style-type: none"> a. Interview and make a preliminary assessment of the student's background. b. Counsel the student regarding preparation for the evaluation. c. Selection or preparation of the examination or assistance in preparation of a student portfolio. d. Evaluation of the portfolio or evaluation of the student response to the examination.
18 Direct	Instructional Support for Grad Students	Thesis support research, major prep GRAD only	Special graduate student testing duties, in particular for conducting comprehensive examinations for master's degree candidates and examinations in fulfillment of foreign language requirements. Grad equivalent of code 15.

ASSIGNED TIME CODE DEFINITIONS & COMMON PRACTICES

Code	Name	SDSU Common Practice	CSU Definition
21	Special Instructional Programs	Coordinating team-teaching efforts Pedagogy consistent over multiple sections	<ul style="list-style-type: none"> a. Participation in a team teaching effort. The total assigned and earned WTU associated with a team-taught course may not exceed the WTU generated by the course multiplied by the number of faculty members teaching the course. In addition, no individual faculty member may be given more WTU, both earned and assigned, than the course generates. b. Program and tape production for instructional television. c. Liaison duties among multiple sections of the same course.
22	Instructional experimentation, Innovation, Instructionally-Related Research	Must benefit specific course or discipline DRI Buyout Course Design Institute General Faculty Research Grant Development Mentoring Programs	<ul style="list-style-type: none"> a. Development and implementation of experimental programs involving: 1.) instructional TV; 2) Computer-assisted instruction; 3. Other innovations in instruction b.
